

### Signs Youth Week Proclamation

Mayor Raymond Fisher (seated) is signing a proclamation designating the week of November 14-20 as Youth Appreciation week. Looking on is Harold Sutherland, Vice President of the local Optimist Club. Numerous activities have been planned to recognize the achievements of the local young people during this week.

Banner Photo—Don Whitehead

### Board Denies Eggers' Request For Variance

A request for a variance of the city zoning ordinance prohibiting salvage and refuse within areas zoned by the city was denied by the Greencastle Board of Zoning Appeals at their meeting Thursday.

Norman Eggers requested the variance so that he may operate a junk yard on the property located northwest of the city. This site at one time was the first choice of the city to be used as a city dump.

Numerous citizens protesting granting of the variance were permitted to voice their opinions and representing the group was Joseph Quinn, an attorney from Spencer.

Eggers was not present nor did he have anyone representing him.

Board members present included Harry Voltmer, Chairman; Robert McCullough, Vice Chairman; James Hill, Secretary; and Arthur Perry.

Fredrick Bergman, 205 Arlington, was granted permission to enlarge a one car garage to a two car garage at this location and encroach upon the 35 foot setback requirements by seven feet.

Permission to build a car port at the Jack Hill residence, 1009 Shadowlawn was denied. The variance was requested in order to extend a car port two feet into the five foot side yard restriction.

Peace Evangelical Lutheran Church, 218 Bloomington, was granted permission to build a new church. Construction will probably start between the first to the middle of December.

### Performers Set Radio, TV Strike

NEW YORK UPI—If the nation's radio and television performers strike next Wednesday, it probably will be Every Night at the Movies for the public.

The broadcasting industry has never had a nationwide strike, but if a contract is not signed by midnight Nov. 15, it is a distinct possibility.

The present contract between the industry—networks and independent stations—and the American Federation of Television and Radio Artists (AFTRA) expires then. Locals in New York, Washington, Baltimore, Los Angeles and San Francisco have voted unanimously to strike if necessary at the expiration of the old contract.

Don Conaway, executive secretary of the union who made the announcement Friday, said also the Chicago local was expected to vote similarly today. The union represents 17,500 radio and television performers at network and a number of independent stations from coast to coast including news commentators, actors, dancers, weather analysts and virtually everyone who sings, talks or performs for the microphone and the camera.

## Keith Gossard To Direct 1967 March Of Dimes

## Space Rendezvous With Sun Eclipse Is Attempted

## Almost \$100 Million Borrowed By Farmers

### Youth Injured In Auto Wreck

Steve Warne, 16, Greencastle, Route 4, was painfully injured Thursday evening in a one-car accident south of the Clinton Center school.

Sheriff Kenneth Knauer reported that young Warne's auto hit a culvert and was demolished.

Warne was admitted to the Putnam County Hospital where his condition was listed as "fairly good" this morning. The sheriff said that the youth was on his way to band practice when the accident occurred.

### Rotary Host To Local Athletes

The Rotary Club members had as guests at their regular meeting November 16, in the Union building, members of the Greencastle cross country and football teams. Coach Dave McCracken introduced the cross country members and Coach Bob Bergman presented the football squad.

A trip to the Far East was projected on the screen by Mr. and Mrs. Lynn Stewart from Bloomington, who gave a very entertaining lecture from the pictures they took.

Tom Graffis is in charge of the program for November 16, who will present a discussion on guns. The speaker will be announced later.

"A great man shows his greatness by the way he treats little men." "Minds are like parachutes, they only function when they are open." "There are some defeats more triumphant than victories."

The quartet gets better with each meeting.

### "Fatal Mistake"

BIRMINGHAM, Ala. UPI—Air Force Chief of Staff, Gen. J. O. McDonnell said Friday it would be a "fatal mistake" for the United States and its allies to assume the destructive force of nuclear weapons would prevent aggressors from using their arsenals.

LOUISVILLE, Ky. — Farmers borrowed almost \$100 million from their Production Credit Associations and Federal Land Bank Associations during the months of September and October in the four states of the Louisville Farm Credit District. These states are Ohio, Indiana, Kentucky and Tennessee.

This statement was issued jointly by Homer Hayward, president of the Federal Intermediate Credit Bank, and E. V. Landers, president of the Federal Land Bank, "to clear the air" about there being adequate loan funds immediately available to meet farmers' essential credit needs.

Hayward and Landers point to the \$100 million loaned in the past two months as ample evidence that "we have all the funds necessary to provide credit to farmers for their essential needs. Farmers contacting their local Federal Land Bank and Production Credit Association offices are learning that this is true."

### Married Man Admits Slayings

MILWAUKEE UPI—A meek, mild-mannered looking young man whose wife is pregnant admitted Friday night he was the nighttime assailant who knifed two girls to death recently.

Michael Lee Herrington, 23, was charged with killing Julia Beckwith, 10, on Sept. 3, and Miss Sherryl Thompson, 18, on Oct. 16.

His capture came Friday four hours after an attack on an 11-year-old girl—which he also admitted. The girl escaped with a knife wound in the back after kicking and screaming as he tussled with her. But her description and those by witnesses of his car led to his quick capture. The victim, Kathleen Dreyer, was reported in satisfactory condition in a local hospital.

Herrington was held under \$65,000 bond—\$25,000 each on the murder counts, and \$15,000 on the attempted murder count. He was to be arraigned today.

His wife had no comment, and read a religious book throughout the court hearing.

SPACE CENTER, Houston UPI—Astronauts James Lovell and Edwin (Buzz) Aldrin today try to turn their troubled flight into a fitting Gemini grand finale by hitting the most elusive target ever tried in space—rendezvous with an eclipse of the sun.

Trouble-beset ever since a perfect launch Friday from Cape Kennedy, the Gemini 12 astronauts had to make the most precise maneuvers ever to hit their target—a spot over the Galapagos Islands where the moon totally blocked the sun from view.

Even if their maneuvers succeeded they would have only 13 seconds in which to snap their pictures through their spacecraft hatch windows.

That's how long it would take their Gemini spacecraft, traveling at better than 17,000 miles an hour, to zip through the 50-mile wide moon shadow at 7:50 a.m. EST over the coast of South America.

The eclipse photography experiment was hastily put back into the flight plan—it had been cancelled earlier—after troubles in Gemini's space partner, an Agena target rocket broke off plans to zoom the linked-up spacecraft 460 miles above earth.

Cancellation of the altitude try meant Lovell, 38, a veteran of the 14-day Gemini 7 last December, and space rookie Aldrin, a 36-year-old Ph.D., would miss the best view anyone ever had had of America.

Still planned, however, were two separate space stands by Aldrin in addition to his one hour and 53-minute spacewalk Sunday morning.

The final, four-day flight of the Gemini series—barring further problems—still was scheduled to end Tuesday with an autopilot re-entry and splashdown in the Atlantic roughly 800 miles southeast of Cape Kennedy.

The troubles began early on this flight. Shortly after their blastoff—timed to the second—from Launch Pad 19, Lovell and Aldrin threw a scare into ground controllers unable to reach them by radio for several long minutes.

Then during the third orbit around earth. Controllers again had trouble reaching the astronauts to tell them to go ahead with the rendezvous.

### Now You Know

The Niagara Falls are not particularly high as waterfalls go. Angel Falls in Venezuela is 3,212 feet high, compared with 186 feet for Horseshoe Falls and 193 for American Falls of Niagara.

Gail Edwards, Putnam County Chairman for the National Foundation, today announced the appointment of Keith Gossard as Campaign Director of the 1967 Putnam County March of Dimes Campaign.

Mr. Gossard, a partner in the Stoner Insurance Agency, and his wife, Diane, live on R. R. 2, Greencastle. He is a 1965 Graduate of DePauw University, where he was affiliated with Sigma Nu and Alpha Delta Sigma.

He is chaplain of the Elks Lodge, a member of the Jaycees, Greencastle Chamber of Commerce and the Christian Church.

As he accepted the chairmanship Mr. Gossard stated, "The March of Dimes is fighting birth defects because each year these tragic conditions rob more than a quarter-million American children of their birthright; to enter the world healthy and grow normally."

"I think most of us would consider it alarming if we heard about an epidemic in which a new case struck every other minute, which was the second greatest destroyer of life, and which caused half of all cases of mental retardation."

"Yet," he pointed out, "birth defects are responsible for all this, and for much more human damage. Many defects are not apparent at birth. They appear later in life, causing physical or mental disability."

"The March of Dimes is making important progress in birth defects, but we need increased public support to continue and expand these programs."

Mr. Gossard noted the growing number of March of Dimes supported centers where birth defect children receive superior treatment from teams of trained medical professionals. There are now 77 of these centers in operation.

In research, scientists supplanting number of March of Dimes grants have developed ways of detecting several defects of body chemistry that can cause mental retardation, and are studying the hereditary and environmental factors which affect a baby's development before birth.

"In addition," said Mr. Gossard, "the March of Dimes is conducting a national educational program to inform every expectant mother of the importance of prenatal care in minimizing risks to the newborn child."

### Bandits Get \$500

GARY UPI — Police today sought three bandits, armed with sawed-off shotguns, who robbed the downtown office of Illinois Bell Telephone Co. Friday of \$500.

The bandits entered the office shortly before closing time and held 30 employees, mostly service representatives, and installers at bay while one of them jumped over a counter and emptied two cash drawers.

The gunmen fled in a car and made their getaway in the evening rush hour traffic.

## Optimist Club Will Mark Youth Appreciation Week

In observance of Youth Appreciation Week, Nov. 14-20, the Optimist Club of Greencastle has planned numerous activities designed to give public recognition to the achievements of the overwhelming majority of our young people who lead responsible, constructive lives and who are positive assets to the community.

The optimist objectives are:—to recognize the accomplishments of youth.—to promote more active participation by parents in youth activities.—to encourage organizations to publicly show their respect for youth.—to encourage a greater interchange of ideas between adults and youth.

Victor Inman, department supervisor at P. R. Mallory Capacitor Company, has been named chairman of Youth Appreciation week.

The annual observance was instituted ten years ago by Optimist International, a men's service organization with 87,000 members in 2,500 clubs throughout the United States and Canada, to counterbalance the publicity given to the small percentage of young people who flaunt the law.

Join in Optimist International's Youth Appreciation week. Do something special to recognize a young citizen this week.

### Beatles Breaking Up

LONDON UPI — Manager Brian Epstein, trying to squelch a rash of rumors that the Beatles may be breaking up, said Friday the famous quartet still has great possibilities in many fields.

"There are masses of things for them to do," Epstein said in a television interview. He said there was absolutely "no reason" for the rumors that the popular foursome would never play together again.

### 20 Years Ago

P.E.O. Sisterhood met with Miss Lela Walls. Mrs. Grafton Longden was in charge of the program.

Section Four of the First Christian Church met with Mrs. Elbert Heavin.

Mrs. Ralph West was hostess to Section Three of the First Christian Church.

## Heavy Air Loss

SAIGON UPI — Communist groundfire knocked down five American planes and three helicopters Friday in one of the worst single day of air losses in the war, U.S. spokesmen said today. Casualties were heavy among the airmen.

Only one of seven crewmen in the downed planes was rescued. Losses among the helicopter crews was described only as "heavy."

The helicopters, all Army UH1Bs were lost while supporting troops in "Operation Paul Revere IV" near the Cambodian border on the western edge of South Viet Nam's Central Highlands. The UH1B normally carries a crew of two and can accommodate up to seven infantrymen.

The five planes, four jets and a prop-driven Skyraider, were lost in bad flying weather during 78 air strikes against the North. It was the worst U.S. air loss since "Black Sunday Aug. 7 when seven planes were downed over the North."

In South Viet Nam, the Viet Cong struck two key American command posts late Friday and early today in a deliberate bid to stave off total defeat in the one-time Communist stronghold of war Zone C.

The air losses brought the number of U. S. planes downed over the North in 15 months of intensive raids to 427. The spokesmen said the first plane to go down Friday was the prop-driven Air Force Skyraider, a victim of ground fire just north of the Demilitarized Zone DMZ, separating North and South Viet Nam.

Then four jets went down. None of the six men aboard them was rescued and officials listed them as missing in action. The spokesmen identified the four downed jets as a pair of Air Force F4C Phantoms, a one-man Air Force F105 Thunderchief and a single seat Marine Corps F8 Crusader.

### Jet Train Wreck

TOKYO UPI—A speeding express train smashed into the rear of another train stopped at a station in the southern port city of Osaka today, killing an engineer and injuring 130 passengers.

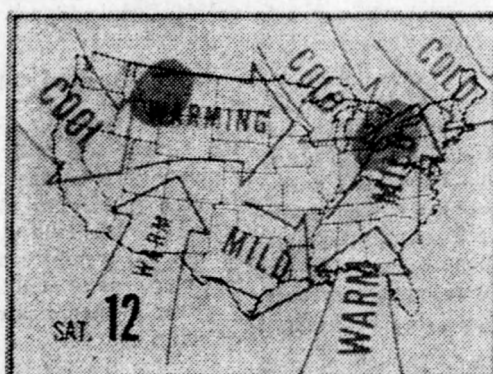

### Veterans Day Is Observed Here

A combined color guard and firing squad, composed of members of Gen. Jesse M. Lee Post 1550 Veterans of Foreign Wars and Cassell C. Tucker Post 58 American Legion, conducted a brief but appropriate service at the Dough-

boy and Buzz Bomb monuments on the Court House lawn at 11 a.m. Friday in observance of Veterans Day.

## In The Go d' Old Days by Don Whitehead

An accepted fact, in general, is that the culture, intelligence and morality of any community is in great measure determined by its educational and church advantages. Thinking men will seek homes where the educational privileges are the best, and where the influence of the church is predominant. Few cities are so highly favored in this respect as in Greencastle since, in her midst, is located a large and growing university whose influence reaches beyond the boundary lines of Indiana and the United States. Indiana Asbury—now DePauw University—is under the control of the Methodist Episcopal church. Though not in any narrow sense sectarian, it has always been a religious school. It was chartered by the legislature of Indiana on January 10, 1837. Ten years later the charter was amended in many important particulars. Some work in organizing was done as early as 1836, but it was not until September of 1839, that Rev. Matthew Simpson D. D., became the first president. In the autumn of 1882 Hon. Washington C. DePauw made provisions for endowing and enlarging the university, which up to this time had been little more than a college with a preparatory school attached. The name was then by vote of the Board of Trustees changed to DePauw University. From its founding to the present day the institution has had a steady and permanent growth. This growth has been in many directions—in numbers, both of students and faculty, influence and power and in thoroughness and excellence, academically. Nothing like a complete history, or account of its present facilities can be attempted here. In its faculty have been many of the brightest names in the history of the church, and its alumni have long been found at the head of all professions and departments in life.

At present the university has the following departments: I. The Asbury College of Liberal Arts. This school now has about twenty professors and during the current year about 340 students. II. The School of Theology with six professors and teachers and more than one hundred students. III. The School of Law, with several lecturers besides the dean and a large and a constantly growing attendance. IV. The School of Military Tactics. V. The School of Music. This school has more than twenty professors and teachers and nearly three hundred students. VI. The School of Art. This school is well equipped, is doing most excellent and thorough work, and is constantly growing in numbers and popular favor. VII. The Preparatory School. This school has during the past year had fifteen professors, instructors and tutors, and its enrollment of students has reached three hundred seventy. The doors of the university are open to all persons of good

## CAMPUS CALENDAR

**Monday, Nov. 14**  
DePauw Women's Club, 8:00 p. m., Charterhouse Lounge.  
**Wednesday, Nov. 16**

## Bible Thought For Today

O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches.—Psalm 104:24.  
God has provided bountifully for our every need.

## Personal And Local News

Charles Dobbs of Chicago is spending the weekend with his aunt, Mrs. Bonnie Williams.

Bro. Charles McGhee, will preach at the Long Branch Church of Christ, Sunday 11 a. m. Bible Classes 10:15 a. m.

City firemen made a resuscitator run to 6 North Arlington, Friday noon, when Walter Feld had trouble breathing. Oxygen was administered.

Mrs. Gladys Carson Swint of Auburn, Georgia is visiting Mr. and Mrs. Wallace W. Carson. Mr. Carson is her brother. The Carsons are now at the Cloverdale Donna Home.

Limedale Baptist Church will have a special minister at their service on Sunday, Nov. 13th. The Greencastle Business & Professional Women's Club will meet Wednesday at 6:30 p. m. at the Royale Cafe.

Mrs. Raymond Beck, former Putnam County woman, was elected County Assessor of Shelby County. She was the first Republican ever elected to this office in the history of the county. Mrs. Beck was the former Lorna Thomas, daughter of Mr. and Mrs. Russell E. Thomas.  
Richard B. Lewis of San Jose, California is in Greencastle today visiting Mr. and Mrs. Raymond Pence and Ella Mahanna. He is the husband of the former Mary Jane Collins. He is going from here to Greensburg to see Mr. and Mrs. Callaghan. Mrs. Callaghan was the former Mary Lloyd.

Russ Myers Says —Shirts beautifully laundered for 25c when accompanied by your dry cleaning. Old Reliable White Cleaners.

## BIRTHDAYS

John McCurry, Cloverdale, 74 years, November 13th.

## CALL FOR NEATNIKS

NEW YORK UPI—Be a neatnik, suggests the Cleanliness Bureau, adding:  
"Neatness in personal grooming is learned at home early in life. If a mother takes the trouble to appear in a fresh housecoat at breakfast and a fresh dress at dinner, she's making a lasting impression on her children. If dad makes a strict point of his daily tubbing, the children grow up to accept a daily bath as a routine. Children unconsciously imitate their elders."

## County Hospital

Dismissed Friday:  
Marsha Osborn, Roachdale  
Thomas Doreff, Roachdale  
Katie Cline, Amo  
Mrs. Ricky Albright and daughter, Cloverdale  
Imogene McCamack, Quincy  
Laura Clodfelter, Russellville  
Anna Klass, Spencer  
Frank Lancaster, Greencastle  
Aubert Meredith, Greencastle  
Mrs. Charles Eckart and son, Greencastle

## Six Are Pledged By Delta Gamma

The national executive office of Delta Gamma Fraternity announces the pledging of six alumnae patronesses by the local DePauw chapter of Delta Gamma. The following women are the prospective new members who will join the Greencastle alumnae group after their initiation in January:  
Mrs. George Fredrick Asbell  
Mrs. Forest Fuller  
Mrs. Hugh Henry  
Mrs. Loyd Hurst  
Mrs. Richard Sunkel  
Mrs. Dale K. Teaford

## In Memory

Zachary—In loving memory of Lloyd Zachary, who passed away Nov. 13, 1961.  
Though your smile is gone forever  
And your hand we cannot touch,  
We will never lose sweet memories  
Of the one we loved so much.  
The Family

## In Memory

In loving memory of Ernest Dickerson, who passed away, Nov. 12, 1958.  
I have lost my soul's companion  
A life linked with my own.  
And day by day I miss him more  
As I walk through life alone.  
Wife, Dorothy.

## In Memory

In loving memory of my son, Jack Gruenholz, who departed this life one year ago, Nov. 13, 1965.  
Many a lonely heartache,  
Many a silent tear,  
But always a loving memory  
Of the one I loved so dear.  
Sadly missed by his Mother.

## LAST IS FIRST

NEW YORK UPI—The last of your shoe comes first in forming its style, says E. E. Joiner, styling director and general manager of Mears Division of United Shoe Machinery Co.  
He explained that the shape of the last is the keystone of all other elements in shoe design. The newest shoe last follows the natural contours of the foot, with graceful backlines, lowered and arch-hugging silhouettes, smaller heel seats, and fuller rounded toe shapes.  
Texas' only Indian reservation houses the Alabama and Coushatta tribes.

## THANKS

To the voters of Clinton Township.  
Thanks a lot for your support. I will do everything possible to serve all of you well.

**HARVEY E. FRAZIER**

## THANKS

Many thanks to the voters of Putnam County for their support in Tuesday's election.

**VIRGINIA D. MULLIS**

## THANK YOU

FOR YOUR SUPPORT  
AND CONFIDENCE

**JOSEPH 'JOE' HARRISON**

## Sheinwold on Bridge

Correct Trump Play  
Depends on Finesse

By Alfred Sheinwold

Miami's best players will not be on the American team at the world championships in Miami next June. Mrs. Edith Kemp and her brother, Bill Seamon, tied for third in the national team championships, but this was not enough to get them into the Team Selection Tournament now under way in Pittsburgh.

Mrs. Kemp got to a bold slam when today's hand was played in the national team championship in Denver a few months ago. The fact that her team was far behind at the time had to do with the bold bidding.

West opened the nine of diamonds, and Mrs. Kemp won

West dealer  
Both sides vulnerable

with the ace. She led out the ace of hearts, and East dropped the queen.

Now, if East had no more hearts, the winning play was to lead a low heart. If East still

had the jack, the winning play was to continue with the king of hearts.

## TRIES SPADES

In this sort of hand declarer must find out whether or not she can afford to lose a trump trick. The answer on which opponent holds the king of spades.

South should switch to the queen of spades at the third trick. If the spade finesse loses, South cannot afford to lose a trump trick as well and must therefore continue with the king of hearts.

When the spade finesse wins, South should repeat the finesse to make sure that a crafty East is not holding off with the king. The finesse works, and now South can afford to lose a trump trick.

Only now can South make the winning play of a low trump toward dummy's 10-8. West can take the jack of hearts, but then South easily makes the rest, fulfilling the slam.

## DAILY QUESTION

Partner opens with one diamond, and the next player passes. You hold: S-K 8 7 5; H-J 1 5 3; D-9 8; C-Q 10 5. What do you say?

Answer: Bid one heart. The hand is worth a response and the only question is whether the hearts are good enough to bid. Many experts will avoid bidding a really weak 4-card suit if some other response is far better, but in this case there is not much difference between the spades and the hearts. You might just as well try for a fit in either major by showing the hearts first rather than ignore the hearts and try only for a fit in spades.

## Modern Science

BRACKNELL, England UPI—The meteorological office here was asked for an official ruling on when winter begins.  
Officials answer: "When all the leaves have fallen off the trees."

## AMERICAN EDUCATION WEEK November 6-12

In order to realize fully its potential to provide life long opportunity, education must begin with earliest infancy. Children from families that do not place high value on education and do not provide stimulating learning experience in the early years of life suffer from a handicap in educational development.

Two important goals of early education should be to foster a love of learning and to offer intellectual challenges to the point that the individual will want to learn and be challenged throughout life. Not only does education begin before the child starts to the classroom, but it continues long after he leaves with his diploma. Our schools must provide the powerful forces that encourage people to seek learning formally and informally throughout life.

Technological progress will mean that many people will hold three, four, and even more jobs consecutively during the course of their lives. Continued learning will assure life long opportunities in the world of work... We also know that new discoveries will continue to increase leisure time.

Education that ceases forty to sixty years before the end of life gradually loses relevance for the individual. Continuing education means continuing opportunity for self-fulfillment. Women, particularly, are finding that a longer life span means that a large percentage of their life is not spent in the traditional wife-mother role. Again, continuing education is crucial to adjusting to entirely new, but equally fulfilling patterns.

Man is curious—inquisitive—in that he wants to know. This quest for knowledge has led him to create the unique arrangement we call civilization. Each generation transmits the heritage of this civilization to the next, each improves on it and transmits it further. This is the process of education, a process that carries with it the opportunity for an even better life.

Education then, must be given and received in terms of life long opportunity. Human dignity alone is not the greatest benefit of education, nor is rational thinking, nor the creative spirit, nor self-reliance, nor an informed electorate, nor economic competence. Education adds up to all of these, but when the end result is calculated, the total is greater than the sum of its parts.

The educated person can communicate his ideas and receive the ideas of others intelligently. He is willing and able to continue to learn and to use his new knowledge. For him, life is rich and fulfilling, because education adds up to life-long opportunity.

## Reelsville School News

The Reelsville P. T. O. held its first meeting of the year in September. Teachers were introduced. The speaker for the evening was the County Probation officer, Mrs. Mildred Hervey. She gave a very interesting talk on her work with adults and children who are on probation. The attendance trophy was won by Mrs. Badger's second grade.

The October meeting was held on Monday, October 31. There was a masquerade for children from kindergarten through sixth grade.

Prizes were awarded for the "prettiest", "ugliest", and the "most original." The following students were awarded prizes:

Kindergarten, Chip Bowman, Kristie Gilman; First, Terri Van Ness, Steven Whitman, Randy Aker; Second, Beth Ann Chew, Melvin Albright, Mark Gray; Third, Mark Garrison, Connie Young, George Schlatter; Fourth, Mary Zimmer, Jerry Raab, Greg Spicer; Fifth, Roger Sharp, Sandy Fox, Terrie Lundy; Sixth, Debbie Fox, Randy Albright, and Deven Fellows. An overall prize was awarded to Terrie Lundy. The judges of this contest were Mr. Smith, Mrs. Eckardt, and Mrs. Bennett.

The next meeting will be held November 10. This will be an open house in connection with "National Education Week." The meeting will be held in the gym at 7:30.

The P. T. O. has two money-making projects. One is selling cans of candy and chocolate bars. Another being considered is taking orders for sweatshirts with the lettering of "Reelsville Indians" on them.

Fourth Grade at Putnamville:

We are proud of the following students who made a 'B' average for the first six weeks:

Jackie Albright  
Billy Crossman  
Susan Ewing  
Kevin Jordan  
Ricky Kelly  
Mike Perrine  
John Scobee

We want to thank Mrs. Scobee and Mrs. Ewing, the room mothers, who helped us with the Halloween party which was held on Wednesday, October 26.

Jackie Albright, Susan Ewing, Ricky Kelly, and John Scobee were awarded prizes for the best costumes. John Farmer, Kevin Jordan, Ricky Kelly and Billy Nauman also won prizes.

Senior News

The seniors had their first chili supper and sock hop following the Roachdale-Reelsville game on November 4.

The annual staff has been working desperately to meet the first deadline. We have a meeting every Monday evening and sometimes on Thursday evening.

Sixth Grade

We enjoy school very much. Our Halloween party was fun and we wish to thank our room mothers, Mrs. Albright and Mrs. McCullough.

In social studies we are going to study about Asia and Europe.

Seventh Grade

## Corn Estimate Still Gloomy

WASHINGTON UPI — The Agriculture Department made no change in the gloomy estimates for corn production in Indiana during October and expects a 79-bushels-per-acre yield from a crop of 416,488,000 bushels.

The Nov. 1 estimates was the same as the Oct. 1 estimate, which was down 74 million bushels from the bumper prediction made last July 1 before a long dry spell slashed the growers' hopes.

The latest estimates indicated that among the 10 top corn producing states, Iowa would lead with 88 bushels per acre, with Ohio second at 85, Wisconsin third at 84 and Indiana fourth at 79. Illinois was a step behind at 78, Minnesota 77, Nebraska 75 and Michigan 70.

Indiana's relatively poor crop prospects declined by 32 million bushels during July, by 26 million during August and by 16 million during September.

Nationally, the crop was estimated at 4,129,896,000 bushels Nov. 1, up from 4,098,977,000 bushels Oct. 1. Improvements were predicted for Iowa, Minnesota, Nebraska, Wisconsin and South Dakota, but Indiana, Ohio, Missouri and Michigan remained unchanged and Illinois dropped slightly.

The 416 million bushel current estimate for Indiana is a decrease of 51 million bushels from the 1965 production.

## Wife Is Offered Mate's Old Job

NEW HAVEN UPI — Adams Township trustee Herbert Brudi resigned Thursday to become mayor of New Haven and his old job will be offered to his wife.

Mrs. Pauline Brudi was elected Adams Township trustee effective Jan. 1, but Allen County commissioners said they plan to offer her the job until she takes over the post in her own right.

Brudi's resignation will be effective next Tuesday. He will fill the post of the late Mayor Walter D. Truck, who died last month.

## NEWLY ORGANIZED CHRISTIAN CHURCH

### Our Founding Principles:

- To teach Christian stewardship by all as essential to faithfulness, beginning with the sacrifice of one's self to God.
- To build an autonomous congregation, shepherd-ed by a qualified and trained Presbyter under the authority of the Chief Shepherd, Jesus.

### MEETING PLACE

Basement Meeting Room, Moore Building, on North 43 across from Country Club

SUNDAY, NOV. 13, 1966 at 3 P.M.

Neil Kuns, minister of the Maplewood Christian Church, Terre Haute will be Guest Minister

## Machine Does Teeth Research

DALLAS UPI — A computerized chewing machine, invented by a Cleveland dental researcher, may help show why many people lose their teeth when they near the age of 55.

Dr. Theodore Messerman of Case Institute of Technology and research assistant in dentistry at Western Reserve College of Dentistry, told about his machine at the 38th annual meeting of the American Prosthodontic Society.

Messerman said his chewing machine "chews exactly like humans chew." He believes that by studying the machine's munching, he can find the destructive forces that loosen teeth in middle age.

"We may lose our teeth because of the way we chew when we eat," Messerman said. "Up to now, no one has ever been able to reproduce exactly the chewing process."

But he says his machine will do the trick.

"The mechanical dentures, guided by computer, can match the mouth action exactly. As a result, generations of the future may have their original teeth when they are 80," he said.

Of course, dentists can always tell their patients to chew, but Messerman said people will not chew in the dentist's chair as they do at the dinner table.

"So we came up with a device that could be inserted inside the mouth to reproduce on magnetic tape the exact, unconscious chewing process," he said.

"Then we fed — no pun intended — the tape into a computer."

"We hooked the computer to artificial teeth constructed in the laboratory and when we turn the machine on, the teeth chew exactly as people do when they are eating."

## Contract Awarded

WASHINGTON UPI — The Air Force today announced the awarding of a contract for \$3.6 million to Allison Division of General Motors Corp. at Indianapolis for aircraft engine development work.

## Ancient History Start Of Home Study Courses

By ROBERTA ROESCH

"Do correspondence courses help when you want to improve your job opportunities?" a reader from Connecticut asks.

"At the present moment," this reader says, "I'm having a very difficult time making ends meet on my salary, so I can't afford to spend any money on a home study course unless I'm reasonably confident it will help me win raises and promotions."

### Ancient Beginnings

According to authorities in this field of home study, correspondence courses have helped those who subscribe to them—when they use the proper approach—for longer than most people realize. Home study methods, it is said, had been used to train Buddhist priests in Japan back in the 1st century. And before that select citizens of ancient Rome also used this form to broaden their education.

In the 12th century correspondence study flourished anew when an Italian university offered regular correspondence instruction. Home study schools in this country began in 1890 when Thomas J. Foster founded International Correspondence Schools, with a single course in mine safety.

A recent survey conducted by the National Home Study Council shows that in 1965 more than four and three-quarter million students were enrolled in correspondence education programs. Representative Increase

Included in this latest available survey were private home

study schools, federal government and military establishments, religious organizations, colleges and universities and business and industrial associations. Together this four and three-quarter million count represents an 8 per cent increase over previous years and points up an all-time high in correspondence study.

But Dr. John C. Villame, president of I.C.S. and one of many informants in the home study field, is first to admit that simply taking one of these courses is no guarantee, alone, of raises and promotions—nor is it any assurance that the course will work miracles for the individuals taking it. Everything depends on the individual and his approach to the program he selects.

"All we can do is give a person the skills and knowledge he needs to do his job better, or qualify for a better job," he says. "Then we hope he uses them to advantage."

Dr. Villame has many reasons to believe that the students

Selected Citizens Of Ancient Rome Had Home Study Courses

his institution has worked with have learned their lessons and used them to advantage. More than 7 per cent of the top executives in the nation's 8,000 largest corporations have studied with his school. In addition, many of the school's 7% million former students have gone on to important promotions.

## WHITAKER FUNERAL HOME

OL 3-6511

## Genuine Desire

"A main reason for this," says Dr. Villame, "is that when people are willing to devote a few hours each night to improve their job skills, they have a genuine desire to get ahead in their work, and, because of this approach, they usually do better than just keep pace with their co-workers."

Or, to say it another way, correspondence courses work as long as you work, too.

## In Memory

# Reelsville Indians, 85; Patricksburg Bulldogs, 29

The Reelsville Indians made it two straight last night at the expense of the hapless Patricksburg Bulldogs, 85-29.

Playing before the home folks, the Indians exhibited quite a display of defensive ability, and the fine rebounding and shooting of Ray Peeler in the first half and Dan Owen the last half.

Peeler, limited to first half action, scored 17 points and Owens picking up the slack the second half, demonstrated fine shooting in canning seven fielders.

Reelsville was sluggish the first half of the first quarter and only led eight to seven.

But after shaking the jitters, Reelsville threw a full court press against the undermanned Bulldogs, and time and time again stole the ball and scored unmolested lay-ins. The press was so effective that Patricksburg went from 4:15 in the first quarter until 6:18 in the second without scoring a field goal.

At the half, Reelsville had roared to a 46-17 margin, and with that the starting unit was through for the night.

Starting the second half, Coach Charles McClure played the second five, but to the Bulldogs, it made no difference. Playing a zone defense, the alternate unit still repeatedly stole errant passes and forced the Bulldogs into numerous mistakes. By the end of the third quarter, the lead was stretched to a comfortable 67-21.

The fourth quarter was a repeat of the third. Reelsville's zone forced the visitors to shoot the long shot and much to the Bulldogs misfortune, they missed.

Finsley led the visitors in scoring by dumping in 16 of his team's 29 points.

Ten of the eleven Reelsville players that saw action scored. Reelsville, now 2-0 for the young season, travel to North Salem tonight for a game with the Blue Jays. Patricksburg is 0-2.

## Shirley Englehorn Leads Women Golfers

SAN ANTONIO, Tex. UPI — Slim Shirley Englehorn held a first round lead today in the \$12,500 Alamo Open Women's Golf Tournament on the basis of a four-under-par 68 in which she had "only a couple of bad shots."

Defending champion Marlene Hagge slumped to a 76 and Kathy Whitworth, the winner in 1963 and 1964, had to put on a strong rally for a 78.

Four golfers besides Miss Englehorn broke par and three others equalled it over the par 36-36-72, 6,641 - yard Pecan Valley Country Club course.

Blonde Judy Kimball finished the first round a pressing second with a 69 and Judy Torluemke and veteran Marilyn Smith fired rounds of 70 and smiling Mickey Wright shot a 71.

Equalling par at 72 were Peggy Wilson, Sandra Haynie and youthful Becky Eismom.

Miss Englehorn, whose only previous victory this season came at the Babe Zaharias tournament in Beaumont in May, fired up and down rounds spaced with seven birdies and three bogeys.

## Washington Ends Perfect Season, 10-0

By Bob Gately

INDIANAPOLIS UPI—Indianapolis Washington was a little closer to its first mythical Indiana high school football championship today but Gary Wallace remained in close contention.

Washington, ranked first by the UPI coaches' board, wound up a perfect 10-0 season Friday night with a 32-17 victory over city foe Cathedral in a game that was closer than the final score indicated.

Coach Bob Springer's Continentals led by only two points, 19-17, after three periods but scored twice in the final period to put the game away. It was the first time that a Springer team had managed to beat a Cathedral squad coached by Joe Dezellan for whom Springer played in the early 1950s.

Wallace, also registering its 10th victory of the season and its 17th in a row, downed East Chicago Roosevelt, 14-0, in the Northwestern Conference play-off at East Chicago. The two had gone into the game tied for second place in the ratings.

## Prep Scores

**INDIANA HIGH SCHOOL FOOTBALL SCORES**

Indianapolis Washington 31, Indianapolis Cathedral 17.

Gary Wallace 14, East Chicago Roosevelt 0.

Vincennes 14, Evansville Mater Dei 14 (tie).

**Arctic Air Mass Moves Into U.S.**

By United Press International

The coldest weather of the season today moved into the north - central United States from the frigid zones of the far North.

The Arctic cold sent temperatures tumbling to sub-zero levels in Montana, Minnesota and the Dakotas. Aberdeen, S. D., registered eight below zero at 2 a.m.

The advancing cold front was marked by scattered snow across the upper Great Lakes. Heavy rainfalls in warm air continued to cover the Deep South.

More than two inches of rain fell in northwest Florida and at least one inch of rain was reported in neighboring Georgia and Alabama by today. Geneva, Ala., recorded 3 1/2 inches of rain Friday.

Rain continued to wash the Pacific Northwest for the third straight day, but moved inland, changing to snow in the northern and central Rockies. Cape Blanco, on the southern Oregon coast, has received more than 2 1/2 inches of rain since Thursday.

Dominating the weather today was a cold front extending from northeast Wisconsin to the Texas Panhandle. From the Panhandle it became stationary to northwest Montana.

A low lay off the north coast of Washington, trailing a cold front along the northwest Pacific coastline to offshore northern California. Another stationary front extended from southeast Virginia to south central Texas.

Another cold front was expected to form and extend across Montana to central California.

**Vets Forgotten**

**SEATTLE, Wash. UPI—**The front page of Saturday morning's Seattle Post-Intelligencer carried a blank space three columns wide and six inches deep with the following explanatory note:

"This space was reserved for an event that never took place here—a Veteran's Day parade and major ceremony honoring the city's war dead. But Seattle forgot. With this blank epitaph, the Post-Intelligencer apologizes to the memory of the thousands of men in American history, from the Revolutionary War to Viet Nam, who gave their lives for this great country."

**Delay Decision Until Tuesday**

**INDIANAPOLIS UPI—**Republican state chairman Charles O. Hendricks said Friday no decision will be made on seeking a recount in the 5th District congressional race before next Tuesday.

Hendricks said he wanted to see the official final count of votes for Rep. J. Edward Roush, D-Ind., and Kenneth Bowman, Anderson, his Republican challenger.

"If they are as far apart as

it looks now, it would be useless to ask for a recount," Hendricks said. The unofficial returns compiled by the Republicans has Bowman losing by 3,314.

However, Hendricks said "we want to wait for the official final count before we make any decision and that will be at least Tuesday."

Tuesday also will be the day for a meeting called by Hendricks of all Republican legislators here. The party gained control of the house of the legislature in Tuesday's election and came within five seats of taking over the senate from the Democrats.

**Spaniards To Get Amnesty**

**MADRID UPI—**Generalissimo Francisco Franco, in a dramatic new bid to heal lingering wounds of the Spanish Civil War, has pardoned all persons convicted of political crimes during the bloody struggle that ravaged Spain 30 years ago.

Veteran diplomatic observers here said however, it was not clear whether the amnesty would cover tens of thousands of Spaniards who went into exile after Franco came to power.

An announcement by Information Minister Manuel Fraga Iribarne also said on Political Crimes by the end of this year. Both decisions were reached at a cabinet meeting called by Franco Friday night, Fraga said. Full details of the decree were expected to be published later today in the government's official gazettes.

Fraga said Friday that under terms of the decree "total pardon" was granted to persons charged under special security legislation—"regardless of what authority had imposed punishment."

**Editor Says Red China 'Doomed'**

**TAIPEH UPI—**The editor of one of the two leading

Chinese Communist newspapers in Hong Kong has defected to Nationalist China, convinced that his comrades on the mainland are "doomed."

The government identified the defector as Liu Yuen Shung of the newspaper Wen Wei Pao. An announcement Thursday said he arrived here "a few days ago."

Liu was quoted as telling nationalist officials that he decided to defect three years ago, but finally decided to make the move after attending Red Chinese National Day ceremonies in Peking Oct. 1.

"I visited many places on the mainland with a mission from Hong Kong and saw with my own eyes disasters brought on by Red Guards," Liu was quoted as saying. "I am convinced the Chinese Communists are doomed."

# Your character reflects your opinion of the Golden Rule.

have  
them

... More on the Golden Rule. How big is it? What will it do for a man? Just how far does it reach? Well, all major religions support it, and all ethical teachers of the ages confirm it. But Mr., it is a personal thing and consequently, it is *only as big as you*. Are you a good citizen, a good neighbor, a good American, a good Christian? These questions are asked with my own happiness and welfare in mind. You will treat me as you treat all others.

*Your character reflects your opinion of the Golden Rule. The title words, "Have Them," narrows our thinking but at the same time calls us to universal interest.*

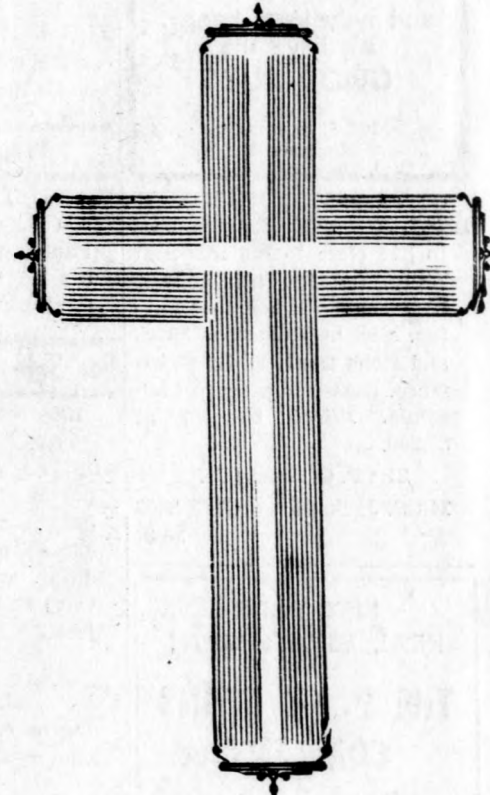

Why should men stop to minister to others, especially, if I am one of them?

A thorough, personal appreciation of the Golden Rule, will make of you a man fit to die, and will reward you with all that is eternal.

More on the Golden Rule next week.

**You In The Church**  
**The Church In You**

— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

This message is dedicated to the building of a more spiritual and a greater church going community under the auspices of the Greencastle Ministerial Association and is being sponsored by the following individuals and business firms who want, as their only return, to see more people attending church. The church needs your support. The community needs the church.
